## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 4, 6-15, 18-33, and 35-51 are allowed.
2. The following is an examiner's statement of reasons for allowance in combination with other claim limitations:

Independent claims 4 and 33, when considered as a whole, are allowable over the Prior Art of record. Specifically, the Prior Art of record fails to teach that the framework for monitoring workflow including coordination of a set of activities originating from outside the application, wherein the framework having multiple levels for selecting the process definition defining the set of process steps to be applied to the data set wherein each group of the data set being stored in the data storage device accessible by the application, the sub-process level including the aggregation of selected activities associated with the process definition wherein the user can navigate between ones of the selected activities during execution of the process definition for monitoring the workflow, and the selected activity having the property that is modified as the result of the execution of the process definition during the workflow, whereby each of the activity is applied to the data set during its respective process step in the set of process steps to produce the output data set for subsequent use.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
